

## **Inquiry Guide of Hall Effect Sensors/Transducers**

In order to process your inquiry quickly, you should give us the following information in your inquiry:

### **1) Your Company Info:**

- Company name,
- Customer no if you have purchased any products from ChenYang Technologies,
- Shipment address and bill address with zip code,
- VAT number if your country is the member of EU (European Union),
- Contact person,
- Telephone number and fax number of contact person,
- Company website address and
- Inquiry no and date. etc.

### **2) Description of Inquiry (see product overview and data sheets):**

- Product name (Hall Effect DC Current Sensor, Hall Effect AC Current Sensor, ...)
- Part number (CYHCT-S3-U100A-42, CYHCS-E5-400A-36, ...)
- Power supply (+12V DC,  $\pm 15V$ ...)
- Output signal (current 0 ~20mA, voltage 0-5V DC, ...)
- Input signal range (0-100A DC, 100A AC...)
- Special requirements (window size, custom connector etc.)
- Annual quantity and Lot Size
- Target price
- Shipment method (Express, economical shipment, collection etc.)
- Quantity of samples
- Application Info and beginning date of your project etc.
